

KES International

New Advances in Knowledge Based Intelligent Information & Engineering Systems

KES'2003

7th International Conference on

Knowledge-Based Intelligent Information & Engineering Systems

3, 4 & 5 September 2003

University of Oxford, UK

EXHIBITION

The conference will include a table-top exhibition, which will give exhibitors an opportunity to discuss their products with delegates. Manufacturers of hardware and software, publishers, providers of intelligent systems tools, etc., are invited to apply to exhibit their products to the international audience that will attend the conference.

Exhibition Facilities

The following facilities will be supplied during the conference:-

- Floor space and table top space (1m x 2m).
- Two chairs.
- 240v power if requested in advance.
- Lunch, Coffee and Tea for up to two staff.
- The opportunity to mix with delegates during lunchtimes and coffee breaks (however, formal canvassing is not allowed).

The following are NOT included:

- Access to main conference
- Conference proceedings (copies may be purchased at an additional charge).
- Tickets for the conference dinner (tickets may be available at an extra charge).
- Accommodation.

The organisers cannot guarantee the security of the conference area, and exhibitors will be responsible for insuring and safeguarding their own equipment and materials.

Exhibitors may provide material (a few sheets of A4 or a brochure of a few pages) for inclusion in delegate packs, at no extra cost by 1 September 2003. This service is also available to non-exhibitors at a charge.

Charges

The standard fee for exhibitors will be £500 + VAT. There will be no additional charges for the distribution of exhibitor material in delegate packs.

The charge for non-exhibitors who wish to have material (a few sheets of A4 or a brochure of a few pages) placed in conference bags is £250 + VAT.
